Product highlights

12V car plug
The charger has a special adapter that fits into the cigarette lighter socket of your car. This means that next to charging from the mains you can also do it when you are on the move.

Charge AA and AAA
The charger is designed to charge AA and AAA batteries.

Charge in pairs
The charger is designed to charge two or four batteries at the same time.

Ready for worldwide use
An AC/DC adapter that can handle input voltages of 100 to 240V. By simply adding a plug converter for the desired country the charger can be used worldwide.

Smart charge protection
The special sensor detects when the batteries are fully charged and switches over to trickle charge to keep your batteries full and ready for use. The overcharge protection prolongs the life of your batteries by preventing the damage caused by overcharging.

Travel protection cover
The durable cover protects the product from knocks during travel.

Worldplugs included
Two enclosed adapters that can be connected to the original powerplug allow you to use the charger in countries that have UK or US power outlets.

800 mAh MultiLife AAA included
The 800 mAh of energy keeps your audio player or digital camera going longer.
